

Pegram Jam

FIDDLE TUNE CHORD CHART BOOK

*When you learn an old-time tune
you make a friend for life*

A collection of accompanist charts for 480 Old Time/Bluegrass/Celtic tunes

LARGE TYPE FORMAT • INTERMEDIATE LEVEL
FREE AUDIO TUNE ARCHIVE @ pegramjam.com

Version 51 | March 2023 © Kirk Pickering & Susie Coleman

Pegram Jam

FIDDLE TUNE CHORD CHART BOOK

The **Pegram Jam** is just that... a local jam. It's a casual, loosely organized session with a collective goal: to learn, teach and practice Old-Time fiddle tunes. It's a pretty popular place for tune lovers and we invite you to join the party via our free online audio library at **PegramJam.com**.

We created the **Pegram Jam Chord Chart Book** to help rhythm and bass accompanists remember appropriate chord changes to the tunes we play at our jams. A tune can be presented at the jam by any musician who attends. Our charted arrangement is generally based on that version but we amend our arrangement from time to time. We've charted almost every song brought to the circle and added the tune to our collection. Though we strive to be accurate, you will find errors and discrepancies in opinion; however, we continually work through the songs and update the book. Check our website for periodic updates.

FAQ

Q: What is this all about?

This project began when a group of folks (mostly fiddle students) started playing old time fiddle tunes together at our home in Pegram, Tennessee, back in December 2001. At that time, many of our rhythm players were new to string band music. We knew how to play chords but we didn't know the chord progressions for fiddle tunes. We couldn't find chord charts for many of the tunes we were playing and when we could locate published chord charts, sometimes those we found did not match our melody arrangements. We began creating and collecting these charts in early 2002 so that we could play more tunes as an ensemble in a shorter period of time. We are not advocating that these chord arrangements are the only way to play a song; we are merely providing them because they have worked for our group. You are welcome to amend them.

Q: Why do you do this?

We have personally invested hundreds of hours in this project. However laborious, creating these charts has taught us how tunes are put together. We have, over time, developed the ability to predict chord movements almost immediately and to communicate the changes to other players. Writing these charts has made us better musicians. And it's a lot more rewarding to play when everyone is using the same set of chords.

Q: Where do the chords come from?

The majority of our arrangements have been made by ear. Contributions come from a number of resources, including jam members, their teachers, the internet, and various printed/recorded material. The group makes the final decision as to what arrangement sounds right and we make corrections and amendments to arrangements when it seems appropriate.

Q: Are these charts the “official” versions?

No way. These are the chords that seem to work best for our jam. There are surely other ways to chord these songs; however, we have attempted to create charts which show the basic chord arrangements as folks play them in our region. Carry a pencil with this book; you'll use it.

Q: Can I listen to these arrangements?

We've been recording most of the jams since 2002 and have been posting the .mp3 files on our website – www.pegramjam.com – for jam members and visitors to practice with. You'll need to enter our username (oldtime) and password (fiddle) but you're welcome to listen in and download files. Take note that these are not performance quality recordings nor are they intended to be. You will be listening in on a very casual jam -- we'll be floundering around and talking as we figure out a tune, but we eventually succeed in nailing an arrangement that we write down.

Q: Will this document ever be finished?

We hope not. We plan to continue to add new tunes for as long as time and energy permits. We are constantly discovering great new music to share.

Q: Can I help out somehow?

Absolutely, thanks for asking. If you would like to help financially to support the web server and bandwidth costs, you may use the PayPal “Here's Our Tip Jar” link on the Pegram Jam website. Even a small contribution is greatly appreciated.

Happy Tunes!

*Kirk Pickering
& Susie Coleman*

Some tips on how to use the Pegram Jam Chord Charts

Here is the logic behind our chord charts:

- Each letter in a chart represents a chord and a measure of music (most often quarter notes).
- Our charts are mostly written in 4/4 time which means you will play each chord position for four counts. However, it is most helpful for old time rhythm players to think of those four counts as “one-and-two-and.” Pick-strum, pick-strum. Or bum-ditty, bum-ditty. A split bar (written as “ G|D ” or “ A|G “) would mean that you would play the first chord for two counts (“one-and) and then the second chord for two counts (“two-and”). Old Time music gets its bounce from the natural accents this counting pattern sets up.
- Crooked songs often contain half-measures (two counts). A half-measure is indicated with a pipe and asterisk as “ G|* ” or “ Em|* “. In 4/4 time, you would count a half-measure as “one-and” (pick-strum) then directly move on to the next chord, which gets a normal measure’s count (“one-and-two-and”).
- Tunes are made up of “parts” and are played in “rounds.” Some have a single part repeated over and over but the majority of songs have an “A Part” and “B Part.” There are tunes with as many as five parts and more. Waltzes might use two A Parts followed by one B Part, and an A Part to resolve the round.
- Repeat the part once when you come to “ :|| “. To repeat the A Part, return to the start of the song. To repeat the B Part, return to the start of the B Part, usually marked with “ ||: ”. Some parts do not repeat.
- A dash or minus sign after a letter indicates a minor chord (A-, E-, etc.).
- The number 7 after a chord indicates a dominant seventh chord (A7, E7, etc.).
- Most charts do not include sevenths, augmented chords, etc. More advanced players can add those variations where they logically would occur.

A word on time signatures

Nearly all arrangements in this book are counted in 4/4 time expressed as “1-and-2-and.” Putting an “and” between counts helps us clearly identify *downbeats* and *backbeats*.

	<u>NOTES IN A MEASURE</u>	<u>COUNT OUT LOUD OR IN YOUR HEAD</u>
2/4 Time	two quarter notes four eighth notes eight sixteenth notes	1 - 2 1-and-2-and <u>OR</u> 1 - 2 - 3 - 4 1-e-and-uh-2-e-and-uh
4/4 Time	four quarter notes eight eighth notes sixteen sixteenth notes	1 - 2 - 3 - 4 <u>OR</u> 1-and-2-and 1-and 2-and 3-and 4-and 1-e-and-uh 2-e-and-uh 1-e-and-uh 2-e-and-uh
3/4 Time	Waltz time: three quarter notes	ONE-two-three, ONE two three ONE-two-three, two-two-three
6/8 Time	Jig or double jig: six eighth notes	ONE - 2 - 3 - four - 5 - 6

Alphabetical List of Tunes

Below is a listing of nearly all the tunes that have been played in the PegramJam over the course of 17 years. Most songs listed have a downloadable .mp3 audio file available online at www.PegramJam.com to give you an idea of the melody of the tune.

Abe's Retreat	A	Blackberry Blossom	G
Adieu Foulard	D	Blackberry Rag	C
Alabama Jubilee	C	Blake's March	G
Aly's Waltz	F	Blue Bonnets Over The Border	Bb
American Hornpipe	D	Blue Eagle	D
Angeline The Baker	D	Bluegrass Stomp	D
Arkansas Traveler	D	Boatman	A
The Ash Grove	G	Bob Taylor's March	D
Ashland Breakdown	C	Bonaparte Crossing The Rhine	D
Ashoken Farewell	D	Bonaparte's Retreat	D
Avalon Quickstep	D	Bonnie Kate	D
		Booth Shot Lincoln	A
Backup And Push	C	Boston Boy	C
Bailey Mountain	A	Bound To Have A Little Fun	G

We personally ask you to respect our intent that the information contained herein is presented for educational use only. While a majority of the songs on our list are from the Public Domain, not every one is an old composition; a small percentage were written by contemporary composers but identify with the traditional music style. Another small percentage of tunes are untraceable by name, given the limitations of the U.S. Copyright office and other research resources available online. The inclusion of these tunes here and on our website are not meant to violate, ignore or misuse the copyright protection rightfully due any copyright holder, but appear here for the singular purpose of music education for rhythm guitarists, bass players, and other instrumentalists seeking the tonal movement of a song. We will be happy to remove any song from the Pegram Jam collection upon request of a copyright holder.

NOT ALL OLD TIME TUNES ARE OLD.

Please be responsible for thoroughly researching any song you might wish to record for any licensing fees that might apply.

www.peggramjam.com

Inside is a lengthy collection of over 480 chord charts for Old-Time fiddle tunes (with a handful of Bluegrass and Celtic standards, too). This book was lovingly created to help accompanists who are unfamiliar with Old-Time understand the structure and patterns that typically occur in this style of traditional music. While fiddle tunes are sometimes played differently from region to region, these charts give a guitarist or bass player a basic arrangement to work from. In addition, all songs in this book have a matching audio file on our website, www.peggramjam.com (free to listen and/or download), created from recordings of jams held in Pegram, Tennessee, since 2001.
